

Overhead Distribution

Insulators for Utility Distribution Companies, Railways and Light Rail

sicame

ENERGY IS OUR BUSINESS

Polymeric Insulators

Utilities

The robust and light construction not only makes this range of insulators much easier to handle than conventional porcelain products, but also offers excellent impact and vandal resistance. Their smooth, compact profile also makes them less environmentally obtrusive.

Railways

Light Rail

- Lightweight Construction
- Impact/Vandal Resistant
- Direct Replacement for glass and porcelain sets available.
- Unique cladding materials.
- EPDM and Silicone available.
- High Pollution resistance
- A range of end fittings available.
- Other products available for OEM's
- Network Rail (UK) PADS approved

Porcelain Insulators

Porcelain products include

- Tension Insulators
- Reel Insulators
- Post Insulators
- Stay Insulators (Type 1 & 2)
- Pin Insulators
- Coach Screw Insulators
- Gimlet insulators

Products trusted for durability and reliability

Our many clients around the World can testify to the Reliability and Durability of our products. Our Insulators have been installed in many Countries and in a variety of harsh environments stretching from Australia to Scandinavia, as Well as by many of the Electricity Companies around the UK and the UK national railway operator, Network Rail.
